Oh we could have been and we should have been so cute
Maybe if you were mute cause the things you said were so simple
But you broke me if only a little bit
And you're oh so vain laughing at my pain
And you think you can do better than me
But you'll never see you don't deserve me
I would never hurt you

Chorus:

And I hate your stupid sunglasses

That you wear with your cocky arrogant grin
Cause you think you've got the best of me
But I'm sorry, goodbye, we had some good times.

And you kept me so far from your heart
I would have had to break you apart to make you feel me
Take my open heart and it's not fair I let down my guard
And you walk away leave a mess to stay
And you even make fun of my driving
But one day you'll pay when she walks away
Cause she never loved you

Chorus

You don't want me you don't need me
It's the games you love to abuse
And after all this I'm just your best friend
You decided to use

And I want you to know that I think it's unfair
That you get a song
But someday real soon you'll wake up and realize
That I'm gone, I'm gone, you're all alone, I'm gone

Chorus

Ad libs to fade
